

THREE VALLEY RANCHES SOLD

Among real estate sales reported by Broadus & LeBaron is the sale of the H. D. Camp ranch in the upper valley to C. A. Peavy and associates. Mr. Peavy is the chief clerk in the office of the U. S. reclamation service here. The ranch embraces 172 acres and brought \$10,000.

Another big sale reported by the same firm is the A. Fraser ranch near Yuleta, 27 1/2 acres, for \$10,750, sold to E. J. Edge, of Georgia. Mr. Edge also bought the E. M. Crocker ranch on the Yuleta road near Yuleta for \$10,000.

St. Edge is a Georgia capitalist who has retired from business and is now living here. He bought the Fraser ranch for his son.

Three bungalow sales reported by the same firm are as follows:

Six room bungalow on Government Hill, sold by J. W. Worthington to W. J. Hand; \$1750.

Six room bungalow, 1548 Nevada street, sold to J. S. Brown, of Midland, Texas; \$4500.

Six room bungalow on Grant avenue, sold by W. H. Risco to H. M. Harvey; \$2525.

Symphony Will Play For Motor Show In April

The El Paso Symphony orchestra will play for the future of the El Paso Automobile show, according to the present plans of the committee in charge. A thorough survey of the amusement field will be made before definitely signing any contracts, but it is the aim of the committee to secure the best attractions possible. There is a chance that Josef Hoffman, the eminent pianist, will appear, but it may be impossible to arrange a satisfactory date.

The dates of the show were changed Monday from March 25, 26 and 27, as originally planned to April 1, 2 and 3, owing to the fact that Liberty hall was already rented for the original show date. This change of date is believed to be an improvement rather than otherwise, as it brings the show on the three days immediately preceding Easter, and will afford an appropriate means of concluding the Lenten season.

All exhibits must be signed up by March 15, the committee announced Tuesday morning. After that date no arrangements will be made for new displays. Difficulty was experienced in the past in getting exhibits to arrive at the last minute, and this trouble will be greater this year. It is planned to erect a big direct tent on Kansas street next to the hall, to accommodate the truck and tractor display.

Motor cars being shown in the past will be secured from those states as El Paso is the distributing center for cars throughout the southwest.

OFFICIALS PLAN CLEANUP ON BEHALF OF SOLDIERS

Army officers and city officials met again Monday afternoon for a conference on the social disease question. H. J. Emmons, of the social hygiene department of the federal government, is in El Paso planning a cleanup campaign on behalf of the soldiers. The city promised to cooperate with him in his work.

Acting mayor R. C. Semple, city councilmen W. C. Griffin and P. J. Pitman, Mayor J. R. L. Howze and Col. Frank W. Wood, district surgeon, attended the meeting.

FLIPPY DOG, LOST FROM MASTER, LOSES APPELITE

The chamber of commerce has a dog it is holding for a claimant. Nobody knows where the dog came from. It is a nice, white, fluffy dog, with large appealing eyes. And something has taken away its appetite. It is tethered with a strap in the entrance of the chamber of commerce waiting for owner, friend or dog catcher, and it needs a bath.

Loss to shipping in the war from mines and submarines was \$2,445,000, 1919-1920.

MUSIC WEEK PLANNED HERE

Music week will be observed in El Paso from Feb. 22 to 29. John Reichen, assistant manager of the chamber of commerce has announced. Programs are to be given in hotels and cafes by orchestras and the next concert of the El Paso symphony orchestra will be a grand finale. The program for this concert has been announced by Mr. Reichen. It follows:

1. March Slave Op. 81, Tchaikovsky
2. Symphony (No. 4) "Italian" Mendelssohn
A. Major
B. Allegro Vivace
C. Andante con Moto
D. Moderato con Moto
E. Presto Sallustelle
F. Concerto for Violoncello and Orchestra Op. 22, Saint-Saens
G. Julian Paul Blitz
H. Conductor San Antonio Symphony Orchestra.

Two popular numbers
(a) Intermezzo from Grand Opera "Joyous" - Grandmas
(b) "Habenera" and "Vaguer's Song" from the opera
C. The Attraction of Paris - Hadley
D. Dance of the Sylphs
E. Intermezzo
F. Dance of the Harpies.

HOROSCOPE

WEDNESDAY, FEBRUARY 11, 1920.

THIS is not an important day in planetary direction, according to astrology. Saturn is in mildly benefic aspect but Venus and Mars are adverse.

It would seem that many persons will prosper in material things at this time, but they are likely to attract the most severe criticisms. This is especially true of big business enterprises.

Under the rule older persons should benefit. It is most encouraging to request that they be less likely to attract the most severe criticisms. This is especially true of big business enterprises.

The stars declare that many surprises are in store for both the great political parties.

Mars is in an aspect read as exceedingly menacing to labor, making for discontent and even for riots and other troubles.

During this away women should be aware of pushing their claims in business or in demanding their rights in the household, for disappointments and disappointments are likely thus to be caused.

The rule is menacing to domestic happiness and many divorces will be recorded. This condition is likely to continue for many months.

The planetary government is a warning one where financial matters are concerned. Saving and thrift may cease to be matters of choice and may become necessities.

The stars supposed to influence the great of mortal foreboding simplicity in fashions and economy in clothing.

The stars prophesy that the next so-

COMMISSIONERS POSTPONE ACTION ON ROAD CONTRACT

County commissioners at a meeting Monday afternoon announced they would meet again Wednesday and award a contract for paving the island road. The commissioners first awarded the contract for paving with material costing \$2.90 a square yard. The tax and economy committee of the chamber of commerce protested and asked that the road be paved with concrete for \$2.49 per square yard. The commissioners reconsidered their vote on the original contract and voted to have the road with bituminous surface with a crushed rock base at \$2.49. The committee again objected, maintaining that a concrete pavement is more economical at \$2.49 than is the \$2.49 grade for such a road.
